Family members can view unique themed celebration walls.

Environments

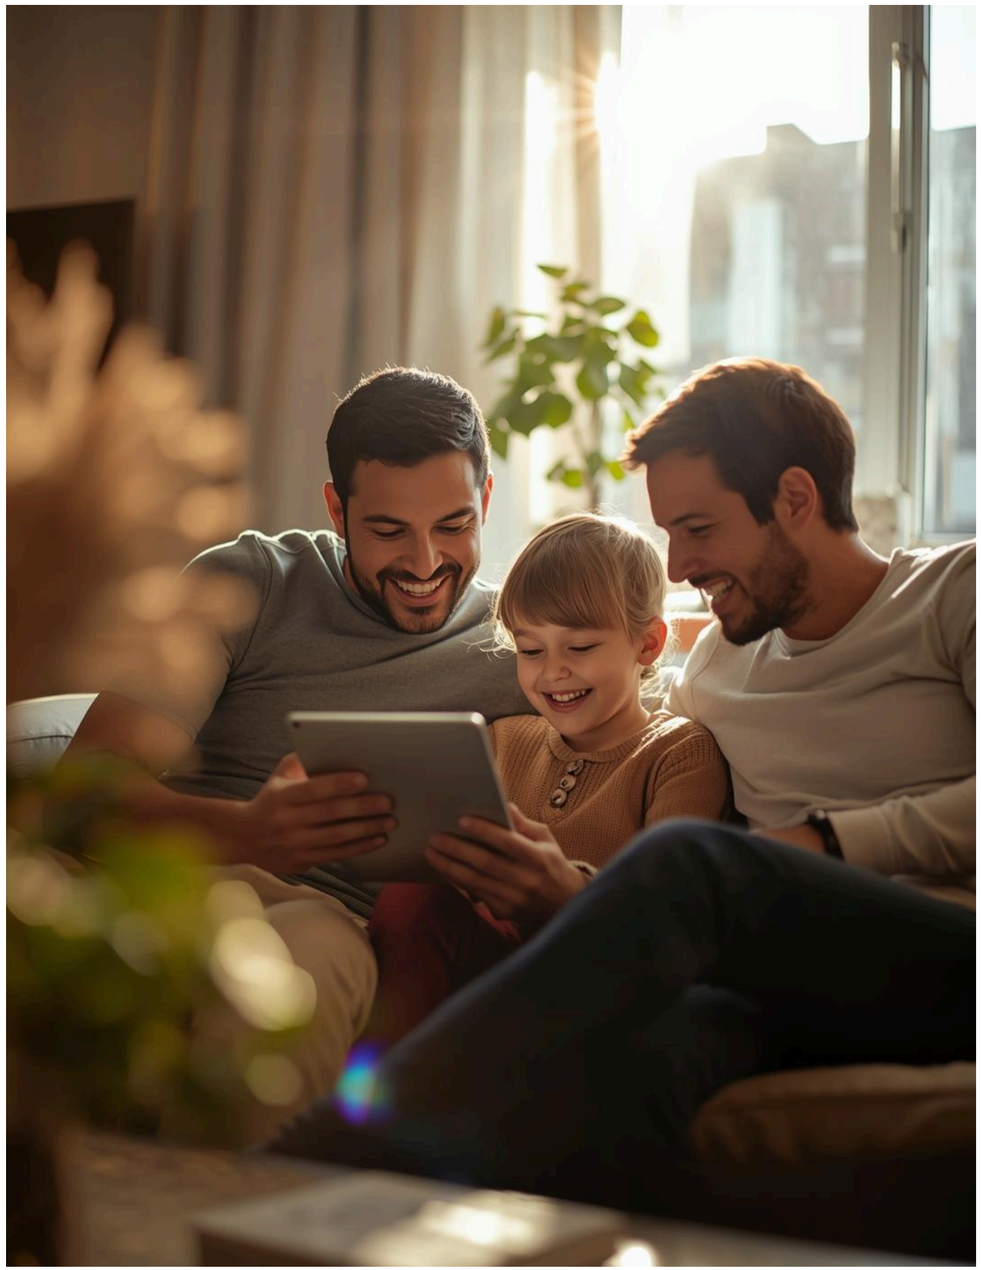

APP USAGE

01 **Physical**

The app is often used in **comfortable settings** like family rooms, during gatherings, or while on the go.

02 **Digital**

Users engage with a **user-friendly interface** featuring dashboards, upload options, and celebration views enhancing the experience.

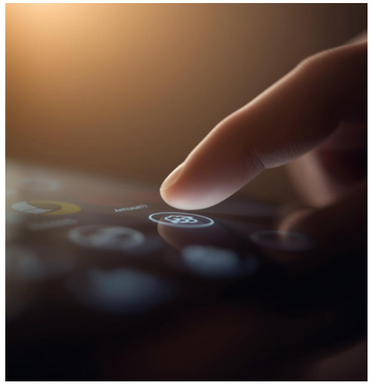

Key Interactions in the Virtual Family Photo Wall

User Engagement

Users can actively engage with the app.

Inviting Members

Admins easily invite family members to join.

Sharing Memories

Members can upload photos and voice notes.

Celebrating Together

Users enjoy shared celebration walls for events.

Objects

PHYSICAL & DIGITAL

01

Physical

The **smartphones** and tablets enable users to upload and share memories effortlessly from anywhere, enhancing connectivity among family members.

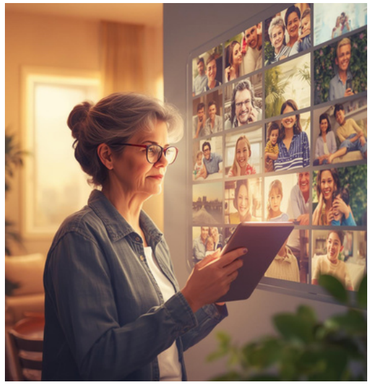

02

Digital

Photo files and audio notes are essential for preserving moments, allowing users to create rich, interactive experiences on the photo wall.

Understanding User Roles in the App

Family Head

The organizer of the family's digital memories.

Family Member

Contributor and viewer of shared family moments.

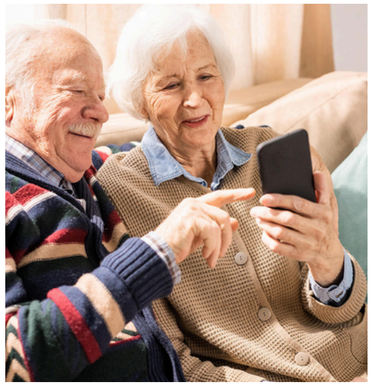

Family Historian

Adds context and preserves family memories lovingly.

Distant Relative

Stays connected with family through the app easily.

Grandparent

Values simplicity and cherishes voice recordings.
